EXPLANATIONS	
<p>* A Seaman Health Report is required for final registration to the program, and a Seaman's Booklet is required for the program internship.</p> <p>A Seaman's Booklet is not provided to foreign students by the authorities of the Republic of Turkey. Foreign students who will choose these programs can obtain a Seaman's Booklet from their own country or from other countries. However, since some countries do not provide a Seaman's Booklet to female students, it would be in their best interest to learn from the relevant authorities of their own country whether they can obtain a Seaman's Booklet before making their preferences.</p> <p>**Student candidates who are placed in the program must bring a Health Report stating that they do not have a condition that would prevent them from completing their pharmacy education, along with their registration documents, during final registration.</p> <p>NOTE: This table shows the quotas planned to be placed in our University programs within the scope of accepting students from abroad in the 2025-2026 academic year and proposed to the Council of Higher Education. If there is a change in the determined quotas, the table will be updated.</p>
